Nero is defined by a continuous and restrained presence, marked by pure surfaces. Crafted in stainless steel, it reflects an essential approach where everything is reduced to the indispensable.

FORTEZZA

Fortezza defines a solid and controlled presence in outdoor spaces. Crafted in stainless steel, it integrates a smoke extraction system that preserves comfort and surrounding serenity.

NERO PLUS

Nero Plus extends the language of Nero, expanding its presence through a more complete approach. Crafted in stainless steel, it integrates functionality within a continuous and rigorous aesthetic.
